Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Friday 16 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy in the west. Warm sunny spells in the east.

Today:
Mostly cloudy across the west with patchy light rain or drizzle, most extensive over Skye and through Lochaber, but sunny periods possibly developing in Sutherland and across Lewis and Harris. Elsewhere dry with some warm sunny spells. Maximum temperature 23 deg C (73 deg F).

Tonight:
Low cloud and mist becoming extensive with light rain and drizzle, persistent at times through the Northwest Highlands. However, a fine end to the day around Inverness and Nairn. Minimum temperature 12 deg C (54 deg F).

Saturday:
A mainly cloudy start with extensive low cloud, mist and drizzle in the west. Becoming mainly dry during the day with bright or sunny spells developing in the east. Maximum temperature 22 deg C (72 deg F).

Outlook for Sunday to Tuesday:
Staying mainly dry and settled, although a little patchy rain possible, mainly in the north and west. Bright or sunny spells developing, warm or very warm in any sunshine.
